HOW COULD THAT HAVE BEEN A WET DREAM !?

WE WERE EVEN ALONE ON X-MAS EVE, RIGHT?

YEP, AND IT WAS THE WORST ONE SO FAR.

This story is fiction, any similarity to real people, living or dead, is purely coincidential.

TH-THAT WAS JUST A DREAM!

WHAT-EVER IT TAKES, I MUST HAVE SEX WITH A WOMAN!

ANY WOMAN!

DON'T BE RIDICU-LOUS!

COULD OUR FU-TURE REALLY BE LIKE THAT?

YOUR METHODS ARE *DIF-FERENT*, ALL RIGHT.

I NEED TO GET LAID BY A WOMAN!

THAT'S MY BIGGEST WISH!

EVEN IF WE NEED TO CRY OR BEG ON OUR KNEES!

RYUJI, LET'S START LOOKING FOR GIRLS AT OUR SCHOOL!

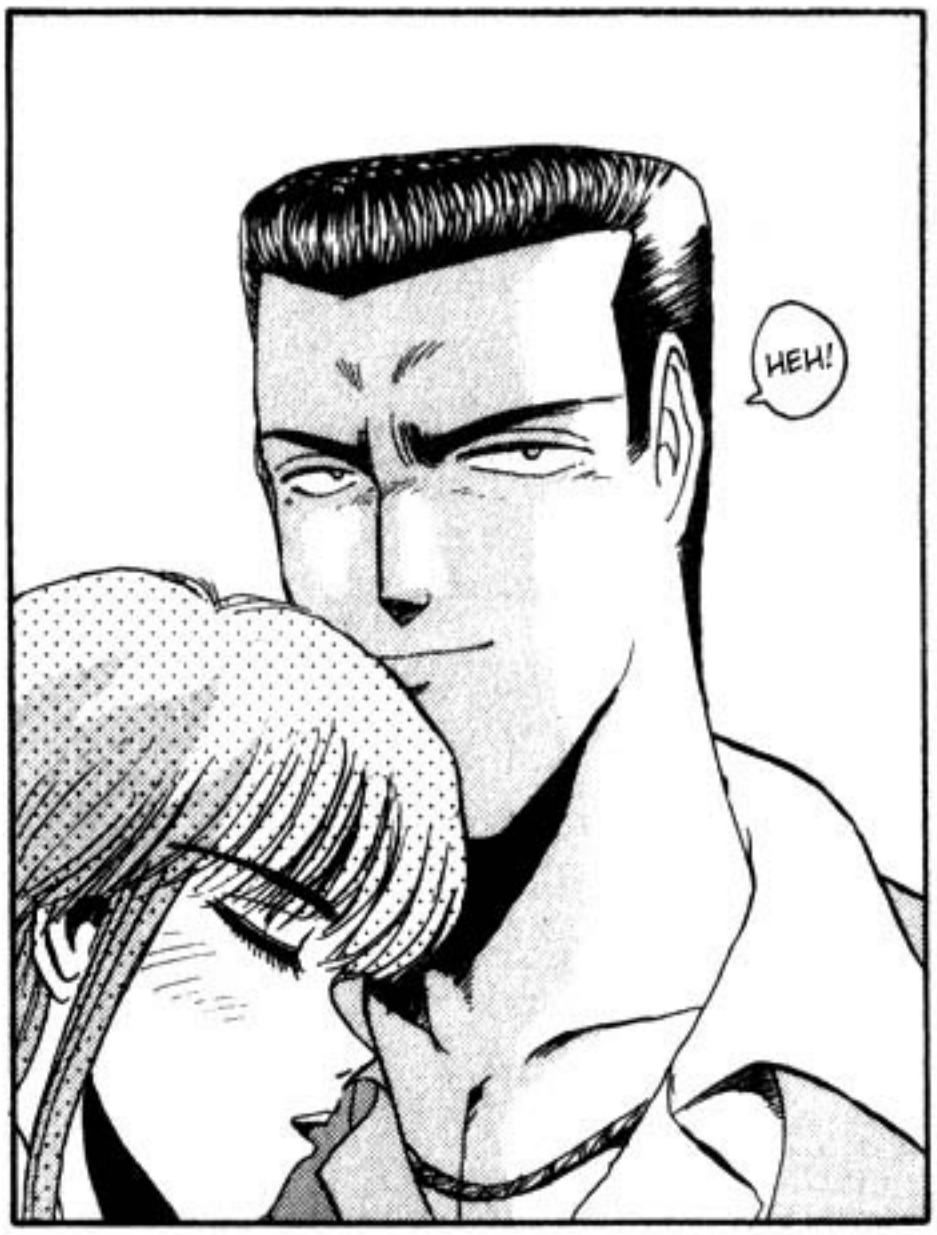
TAKES THREE THINGS?

SO, TO BE A POPULAR GUY...

Character Introduction (5)

Abe Hiroshi
A new transfer student that is good at picking up women. His fighting skills have yet to be seen. There's no information available on his past except that he comes from Iwamisawa in Hokkaido. He came from a poor family, so he relied on being a paper boy to make money for dating women. At first, I wanted to draw his face more handsome, but since his character portrays one that embraces both riches and women, I decided to make his face look a bit older. I've been wanting to make a character like him for quite some time.



Hashiru Makoto
He thinks of himself as the hotshot of class D. Was bullied in junior high and now, entering senior high, he seeks relationships with famous people in order to erase the past image of himself. As a result, he became so close to the Onibaku that Saejima and Kamada (characters that appeared a bit after him) targetted him. There's a lot of students who have been bullied, and some for the same reason (not wanting to be bullied anymore) become delinquents, that's why I wanted to make a character like this. He has neat lips that make him popular with women, and he's often good friends with them, too. He'll be another big and important character to the Onibaku. Just wait and see!

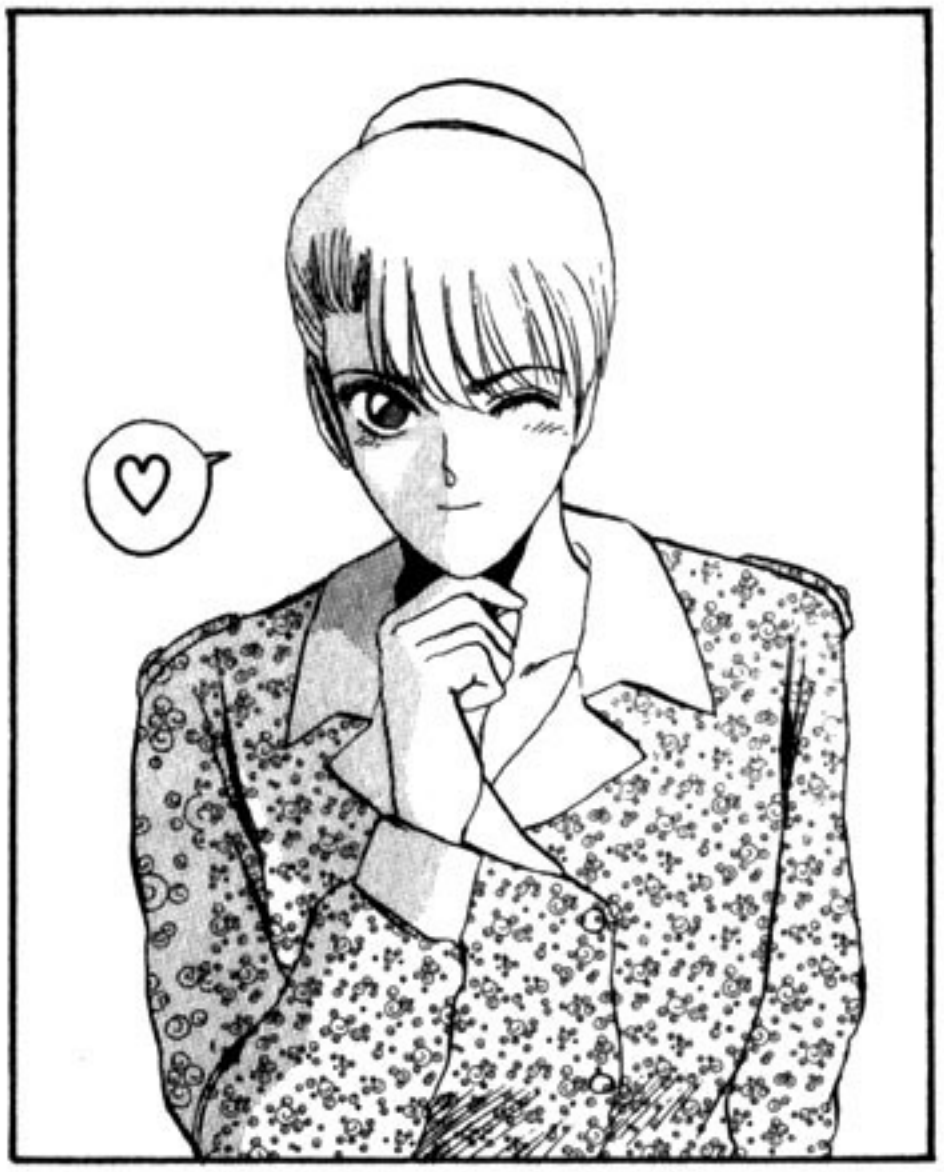
Character Introduction (6)

Sou Souna
A first grade student at Wales all-girls highschool, also known to be a playgirl. She screwed around too much and was infected with STD. Because of her hatred towards men, she planned to infect Eikichi with it, but she ended up falling in love with him unexpectedly. She's the type that would do anything for the man she loves. I kind of wanted her to be frank, and she will appear again later on. One word to describe her character would be "foolish". Her name comes from one of my other works, "Meri-man". I wanted to put in a foolish girl like her from the start, and I plan to make her a trouble girl. Hold on until then!



Shirayuki Momoko
Souna's friend, and also a first grade student of the Wales all-girls highschool. She has a crush on Ryuji. When she found out that there was something between Ryuji and Ayumi, she followed him to the ski resort... Her character can be described as "serious", the type you talk to when you're having problems. She's the big sister type. If an opportunity presents itself in the future, she will show up again.

Character Introduction (7)

Tsukai Kyo

Not a person who likes to show off, you can say that he's the lonesome type, always liked being alone. Although he seems like the type that doesn't need a girlfriend's attention, deep inside he yearns for some. Later in the story I'll let him get a girlfriend, so please look forward and wait for it! This kind of guy is the type that will try to give happiness to his woman for life. Let's do your best!

Yokokawa Kishi

Everyone knows already that this guy is Miki's PAPA, right? He's the son of a triad boss, a very determined guy, but he doesnt have big guts. Back in junior high, he was bullied by his juniors, the Onibaku Gumi. I guess back then, the duo didn't know that this senior of theirs is a son to a triad boss! That time Onibaku took a "spectacular" picture of him. Later on he could also be Onibaku's good friend. I like this kind of plot.

Character Introduction (7)

Imanai Miki
Yokokawa's woman, also can be considered his wife (she's now 19 years old, Yokokawa is still 18). Got together with Eikichi on valentine's day, she wanted to use Eikichi to break up with Yokokawa. Later Eikichi found out that she already had children. I like this girl, not because she has kids, but that I think its because even if she's not a "straight" woman, she still manages to raise her kids, its the love inside that matters. Being a mother at a very young age is hard, I wish the best for her. I don't think she'll show up anymore in the future! Her name is taken from "Imai Miki" (My favorite actress).

Sato Masami
Owner of Sato body shop family business, friend of Midnight Angel's leader, where he knew Onibaku. A sensitive and honest guy. He's the guy that fixes Eikichi and his friends' bikes. This year he's 19, he's named after one of my friends. He'll take on a bigger role later on.

Machida
The guy with the CAMARO* Z-28, a big guy in Yokohama, one who solves everything with violence. Changes job constantly, now runs a bar. He was a boxing champion back in senior high, famous in his area. Rumor has it that he's now laboring at some factory.

COULD IT BE THAT THOSE TWO WILL BECOME THE BIG BOSSES IN OUR SCHOOL?

I HEARD EVEN THE SENIORS DON'T WANT TO MESS WITH THEM.
